

NICHOLAS POURFARD

MUSHROOM LAMP

Designed with the intention of creating a light that is multi-directional within it's own form and functions without additional hardware.

A hand-thrown ceramic lamp that is comprised of two pieces. Using a ball joint design, the upper rests on the base allowing for movement of the light in any direction. This helps the user shift the shade as needed, creating an experience that is both functional and intimate.

Lead-time

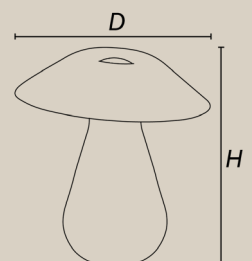

Pieces are made to order in 6-8 weeks. If pieces are needed sooner, please email to see if we can accommodate. Like all handmade pieces there is natural variation in the clay, firing and shape. No two items are exact matches, please consider this when ordering. Available in a variety of colors.

International shipping available

Price
\$850 USD

Specifications

Approx. 15" H x 13" Diameter Shade
Wired for USA/Canada
